2 Phone Layout

2.1 Icons and Indicators

Your phone displays the following status Indicators on top of the screen.

Icons	Indicators	Icons	Indicators
	Battery charging in progress		NO Signal

	Sim1/2 network in use		New message
	Airplane mode		Meeting profile
	SIM1/2 missed call		Bluetooth is active
	Headset is connected		Alarm

3 Getting Started

3.1 Insert SIM and Memory Card

You can use your phone with one or two SIM cards inserted.

1. Open the cover and remove the battery.
2. Insert the SIM card correctly in the card slot(s) .
3. Insert the memory card into the slot with the gold colored contacts facing down.

- The Memory Card gives you extra storage capacity for content such as pictures, music and video clips.
- Do not remove the memory card while reading or writing to the card. Doing so may cause data corruption on the card or on the phone.
- ⚠ Use only compatible memory cards approved by Micromax. Incompatible cards may damage the slot or corrupt the data stored in the card.

3.2 Charge the Battery

You can charge your battery by using the charger or the USB cable supplied with this phone.

3.2.1 Charging via power socket

1. Connect the charger to the charger jack on the phone.
2. Next, connect the charger to a power socket, the charging starts, with the charging icon in an animated state.

3. When the charging icon becomes static, it indicates that the battery is full.
4. Disconnect the charger from the power socket and the phone.

3.2.2 Charging via USB cable

1. Connect the USB cable to the USB socket on the phone.
2. Next, connect the USB jack of the cable with the pc or laptop. The charging starts, with the charging icon in an animated state.

3. Disconnect the USB cable from the PC/Laptop and the phone.

Note: Slight heating during charging is normal. It indicates that the battery is full, when the charging icon becomes static.

4 The Phone Screen

When you sign in, the home screen opens. You can use your finger to touch the icons, buttons, menu items, onscreen keyboard, and other items on the screen to use the features.

- ⌚ The Phone screen 1,3,5 display blank.
- ⌚ The Phone screen 2 display FM Radio.
